

**High performance evaporative air conditioning.
Unbelievable value.**

Upgrade to advanced
MAGIQTOUCH[®]
Next generation smart controller
Now Wi-Fi enabled

“Seeley International never stops striving to innovate and build the world’s most energy efficient heaters and air conditioners.

It is this commitment to excellence that’s at the heart of everything we do.”

Frank Seeley AM, DUniv Flin, FAICD
Founder and Executive Chairman

Coolair... Australia’s greatest value for money home cooling!

- ✓ **Warranty** durable quality
- ✓ **Efficient** save up to 75% on energy costs*
- ✓ **Australian made** and owned
- ✓ **Natural** fresh, cool, clean air
- ✓ **Alfresco living** with options for security vents so you can leave doors and windows closed
- ✓ **NATA** accredited test results substantiate superior product performance

*Refer to page 4.

The award winning company

Seeley International consistently wins awards each year for new product design, innovation and the environment.

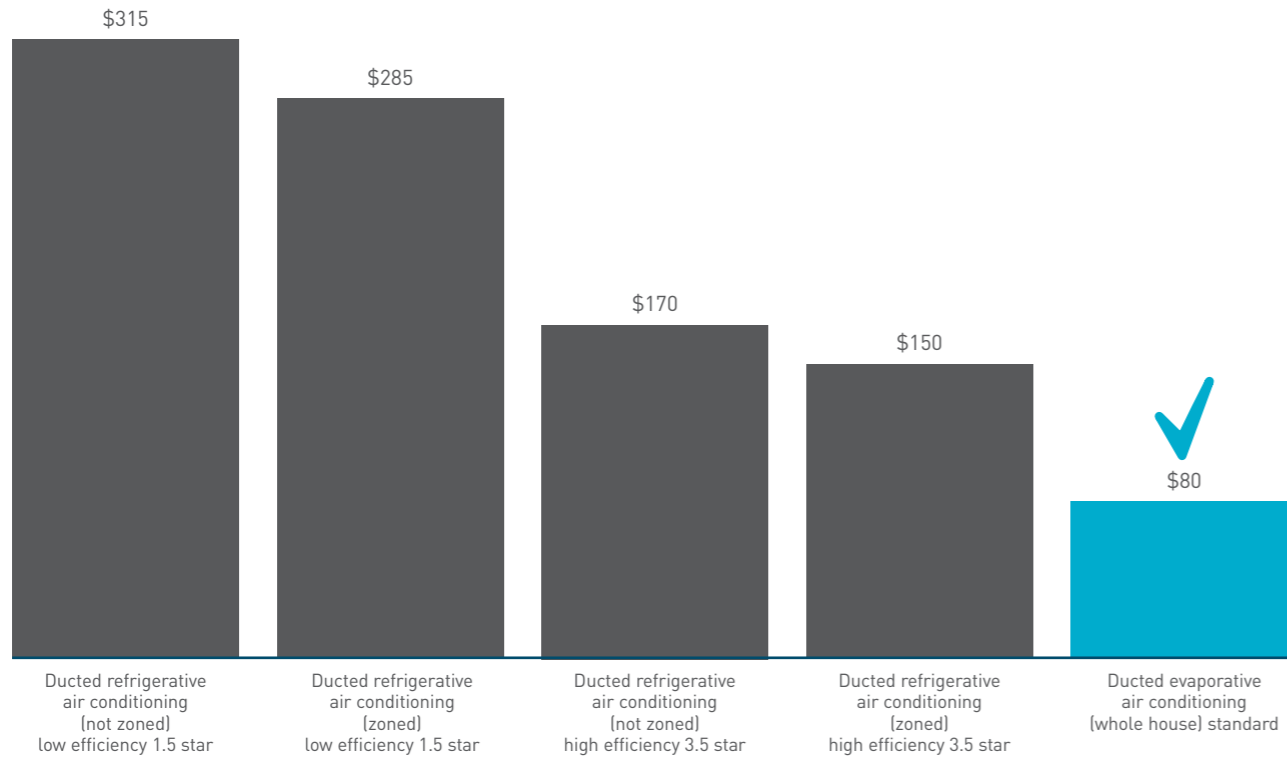

Recent awards include:

Save with Coolair

Save up to \$235 per year in running costs compared to a ducted reverse cycle system*

Running costs for whole of home air conditioning

*Seeley International's calculation based on approximate running costs figures from publically sourced data. Comparison with 2 star not zoned ducted refrigerative system in a large size (220m²) 2-star pre 2005 house in a Melbourne climate, cooling all day on the weekend and in the morning and evenings when internal temperatures are high, and an electricity tariff of 31.9c/kWh. Water cost excluded.

Better for the environment

Save up to 75% of CO₂ emissions compared to a ducted reverse cycle system*

CO₂ emissions for whole of home air conditioning (kg/yr)

*Seeley International's calculation based on approximate running costs figures from publically sourced data. Comparison with 2 star not zoned ducted refrigerative system in a large size (220m²) 2-star pre 2005 house in a Melbourne climate, cooling all day on the weekend and in the morning and evenings when internal temperatures are high.

Coolair ducted evaporative cooling

Features and benefits

Exceptional water distribution increases cooling effect

Coolair's unique patented water distribution system means no clogging and no dry spots on the filter pads.

- Clever high efficiency pad wetting system
- Total pad saturation for total cooling
- High performance cooling day and night

Tornado® pump that won't block

- Australian designed and manufactured
- Built to outlast other less efficient conventional style pumps
- Dual directional – it can't block!

Stealth® fan is whisper quiet

- Advanced aerodynamic design
- Super quiet in operation
- Produces a constant, cool, quiet and refreshing breeze at a fraction of alternative running costs

Breakthrough Mini-cell* Chillcel® pad technology

- The only evaporative cooling pads fully manufactured in Australia to suit the harsh Australian climate, and is an absolute over-performer!
- Breakthrough pad formulation has resulted in having 25% more surface area dramatically improving cooling efficiency
- Enhanced small cell design provides cutting edge levels of cooling capacity

AutoWinterseal™ reduces draughts and dust

- Automatically closes off the air conditioning ducts when not in use
- Reduces winter chills entering your home
- Ensures comfort all year round

Highly durable and non-corrosive outer casing

- Visually discreet, low profile
- Integrates unobtrusively with the roof line
- High performance Permatuf® polymer construction
- Highly durable, will not corrode or rust
- Available in a range of contemporary colours

Auto water draining keeps your system clean (optional)

- Reduce the need for seasonal maintenance with this optional feature*
- This clever device conserves water by retaining the system's water for up to 72 hours of non-operation

Flexible control with MagIQcool®

- The Coolair MagIQcool® controller is incredibly easy to use
- Set your preferred temperature level on the clever wall mounted control and Coolair will do the rest - quickly, cleanly and reliably
- Maintain your desired comfort level with four convenient modes to choose from - cool, vent, auto and timer

Optional extra: MagIQtouch® next generation smart controller

Upgrade to the MagIQtouch® controller with advanced features of touch screen technology, now Wi-Fi enabled, allowing you to control your cooling and/or heating comfort needs through smart home devices or with your voice via smart apps like Amazon Alexa and your Google® Assistant.

*Patent pending

*Requires MagIQtouch® Wi-Fi kit, compatible MagIQtouch® controller and MagIQtouch® account to operate.

*Requires Wi-Fi, Google Account and a compatible device. Google and Google Home are trademarks of Google LLC.

*Regular maintenance (typically every two years for domestic use) is still required.

CPQ 1100	1150	1150	835	89	750	13.3	2710	Yes	With upgrade

The above data was drawn from Meridian Test Laboratory's test analysis. The testing was performed by a NATA accredited laboratory to the requirements of the Australian standard AS2913-2000 "Evaporative Air Conditioning Equipment." Achievable with ambient 38°C DB, 21°C WB, room temperature 27.4°C.

Looking for a combined cooling and heating solution?

Seeley International's range of products also includes ducted gas heating that complements your evaporative air conditioning system. Take advantage of controlling your cooling and heating systems from the same controller – the innovative touch screen **MagIQtouch® controller**. Ask your dealer for the right solution for your home.

Keep your home secure

Did you know you can cool your home without leaving your doors and windows open?

Ask your dealer about installing a cost effective and easy to install **Security Relief Vent** in your home, allowing you to run your evaporative air conditioner while you are out, with all your windows and doors safely closed and locked.

Your home will stay cooler as cooled air is released into the roof space. When you return home, simply open up your windows and doors as normal, maintaining the fresh cool air throughout your home and open living areas.

Comprehensive Warranty

For complete peace of mind, Coolair backs every one of its air conditioning systems with an industry leading comprehensive warranty program.

This includes a comprehensive 7 year warranty* (with a compulsory chargeable service in the fourth year), 10 year cover on all structural components, plus a hefty 25 year cover against corrosion, on its Permatuf® cabinets.

Please refer to your home owner's manual for all service and warranty terms and conditions.

Register your warranty and go into the draw to win \$500 worth of prizes*

Prize includes 2 free services (up to the value of \$400) and a \$100 eftpos gift card

All you need is your home owners' manual then:

- Go to seeleyinternational.com RESIDENTIAL section and click on 'Support' at the top of the page
- Go to 'Register a product for warranty'
- Have your serial number ready

*Terms and conditions apply. See seeleyinternational.com for more information, including the dates of the promotion

Coolair national service network

Seeley International has established a network of highly professional dealers and service agents throughout Australia who are only a phone call away. Should you need to contact a service agent, please call 1300 650 644.

*The 7 year comprehensive warranty is available exclusively (i.e. only) from Seeley International participating dealers. The warranty has terms and conditions, including the requirement for servicing of the product in accordance with the owner's manual. In the fourth year the service must be performed by Seeley International or its appointed nominee.
